

ABBOTT IN IRELAND

Since 1946, Abbott in Ireland has been dedicated to helping people live healthier lives through a diverse range of science-based nutritional products, diagnostic tools and medical devices.

ADVANCING HEALTH AND WELLNESS IN IRELAND

Home to nearly 3,000 employees across 9 sites, Abbott in Ireland marks the company's dedication to developing the highest-quality products and finding lasting solutions to the unique health challenges across the region.

We're committed to developing locally manufactured healthcare solutions designed specifically for this market—from manufacturing nutritional products that give babies a strong start to creating diagnostic tools to help physicians guide treatment decisions for their patients.

Whether we're developing diagnostic tests to ensure local patients can benefit from the latest treatments or creating cutting-edge products, we're at the forefront of science and innovation in everything we do.

WORLD-CLASS FACILITIES ADDRESSING LOCAL NEEDS

Abbott has manufacturing facilities and we also have commercial and support facilities:
